

## Pitts Theology Library

### Greetings from Pitts Theology Library!

It goes without saying that the extensive and diverse collection at Pitts is due in part to the institution's continuing conversation with Candler and Emory's students, faculty, and staff. Our acquisitions should first and foremost support the present and future teaching, research, and service missions of the Candler School of Theology, as well as those of the Graduate Division of Religion and Emory University.

In consideration of the above, Pitts is expanding its reach about ongoing acquisitions and new resources by providing each tract with monthly reports via the New Acquisitions Newsletter.

Please find newly released resources in the Christianity and Culture tract below, and don't hesitate to make purchase suggestions by visiting [pitts.emory.edu/suggest](https://pitts.emory.edu/suggest).

Scholastic Affect: Gender,  
Maternity and the History of  
Emotions  
by **Clare Monagle**

Scholastic theologians made the Virgin Mary increasingly perfect over the Middle Ages in Europe. Mary became stainless, offering an impossible but ideologically useful vision of womanhood. This work offers an implicit theory of the utility and feelings of women in a Christian salvatory economy.

[International Journal of Public Theology](#). The idea and practice of public theology has recently emerged as a distinct field of scholarship that proactively engages theology with contemporary public issues. The global project of public theology has expanded the western idea of three audiences - the church, the academy and the public domain – and their inter-relationship to multiple publics.

[Theology](#) is the ideal journal for all who want to broaden their knowledge of contemporary theological studies. It includes peer-reviewed contributions from leading scholars and first-time authors from across the Christian tradition.
